## BIRD NETTING

[www.walcoom.com](http://www.walcoom.com)  
E-mail: [sales@walcoom.com](mailto:sales@walcoom.com)

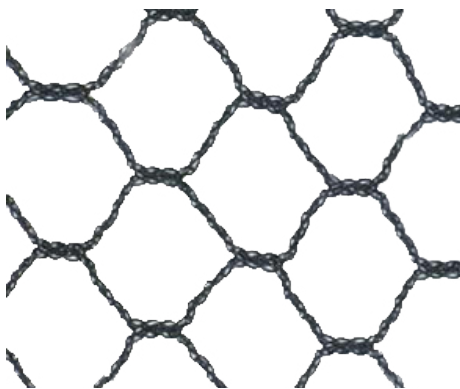

Walcoom Corporation has more than 25 years of wire mesh production experience since 1992. In the course of 25 years, on one hand, we constantly improve the quality of our service and products, on the other hand, we are work hard to add various kinds of products. At present, Walcoom has added chain link fence, steel grating, filter disc, windbreak fence, barbed wire, welded wire fence, bird netting, etc.

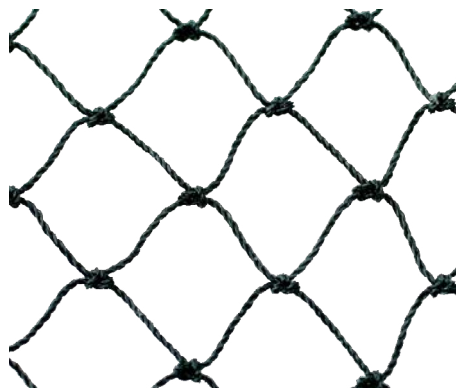

**Bird netting** is one of Walcoom Corporation's high quality products. It is sold in China's neighboring countries as well as in Europe and win a high praise. In order to meet the needs of our customers, Walcoom produces three types of bird netting for you to choose.

### What type of bird netting can we supply?

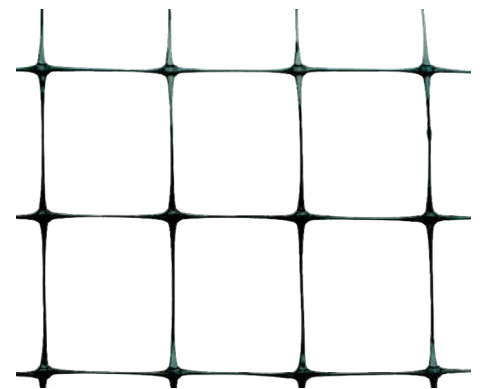

**Bird netting** is common made from polyethylene, polypropylene and nylon, typically used in vegetable farm and orchard to protect seeds, plants, flowers, fruit from being eaten by birds. According to its production process, is divided into three types: knitted bird netting, extruded bird netting, knotted bird netting. These three types given below.

Knitted bird netting

Knotted bird netting

Extruded bird netting
